ABOUT ME

My Background

Michelle Prather Design offers web design, branding and marketing services to small to medium-sized businesses to craft a unique visual experience through user-centered design. I am an alumni of The Art Institute of California – Orange County with over 2 years post-graduate experience. I graduated at the top of my class and was awarded *Best In Show* at my Graduate Portfolio Show in September of 2014.

PROJECT DETAILS

Overview

Rapid Scan requires updates to their Joomla Website. Updates include removal of current printers and updated with the latest AirWolf3d models, addition and updates to scanners and software sections, and the addition of a “Leasing” link with in website template. Requested changes to the homepage sliders requires creation of the slide’s background image and configuration of slider settings.

Requested Updates

Below are the website revisions requested by Chris Strong on behalf of RapidScan3D. I estimate that these revisions will take approximately 10 hours to complete.

Printers

Removal of all printers from the RapidScan3D website and replaced with the following:

AirWolf3D

- *Axiom, Axiome, Axiom Dual, Axiom Direct Drive & Axiome Direct Drive*

Mcor 3D Printer

- *Iris and Arke*

Scanners

Add Karbon 3D to scanners section

- *Create new homepage slide for Karbon 3D (replace Twindom)*

Solutionix CS2 - update text and images to newest scanner

- *Change Rexcan4 to 1.4MP/2.0MP/5.0MP*
- *Change homepage slider for CS+ to CS2+*

Shining 3D

- *Include info and images for EinScan Pro+, EinScan-Pro, EinScan-S, FreeScan X3, OptimScan – 5M, OptimScan -3M, Eascan-D*
- *Single page for AutoScan (DS300, DSS200+, DS100+ & IT*

Add images and information for Capture

Software

Point 2 CAD

Geomagic Plugin for Solid Works

Add “Leasing” link to website (header & footer)

Fees and Payment

The estimate for these revisions is \$300. Fees will be billed upon project completion. Payment is due 7 days from receipt of invoice unless otherwise discussed prior to project start. I accept payment via PayPal or check. Please make checks payable to Michelle Prather.

Next Steps

Please sign return this proposal via e-mail to michelleprather@gmail.com to accept this proposal as-is. Alternatively, you may respond via email that “[you], Chris Strong, accept this proposal as-is on behalf of RapidScan3D”. Please provide all necessary login information needed to log into your Joomla admin panel.
